

SKETCH LAB STARTER KIT

Taking Student Ideas to the Next Step

Make 3D printing accessible for all students -- whether beginner or advanced -- and take their ideas and their foundation of real world skills to the next level with faster prototyping, new printing material to experiment with and an extended protection plan to back them up every step of the way.

High Volume Printing

Make 3D printing accessible for all students and teachers whether they're printing prototypes, creating teaching aids, or making easy prints.

TOUGH Material

Allows students to create durable high-impact strength prototypes for advanced design thinking.

MakerCare Protection

High-quality service and support from the people who know your MakerBot product best.

What's Included with the SKETCH Lab Starter Kit:

- 2 X MakerBot SKETCH Classrooms (4 printers)
- 8 X TOUGH Material Spools
- 4 X MakerCare Protection Licenses

The Offer is only valid for orders (i) placed through MakerBot Direct Sales or an authorized reseller* of MakerBot products, (ii) placed for non-resale or non-distribution purposes, and (iii) shipping to the U.S. and Canada. The Offer starts on July 14th, 2020 at 12:00 AM ET and expires on September 15, 2020 11:59 PM ET. The Offer is valid while supplies last. The Offer is subject to change or cancellation at any time without notice. The Offer cannot be combined with any other promotions or discounts. The Offer cannot be applied to previously purchased products. The Offer has no cash value.
